RE: Joint Base School Choice

Date: August 1, 2011

We anticipate that at our August Board of Education Meeting a resolution will be passed regarding school choice for families who live on the Joint Base McGuire-Dix. This means that families who move on base will be able to choose the school district in which you would like your children to be enrolled.

As a courtesy we are allowing children in Pre-School – Grade 12 to be enrolled in Pemberton Twp. Schools now, pending the approval of this agreement at the scheduled August 25, 2011 BOE Meeting . Parents must make the choice for the entire family which means that all of the school aged children must attend the same district. The agreement does not allow for siblings to be split at two different districts. Bussing will be provided for all students who opt for Pemberton Twp. Schools regardless of which side of the base you reside upon.

If you choose to enroll your children in any of our Pemberton Twp. Schools we welcome you and look forward to developing positive relationships and providing a quality education for your child. Please contact the office of Central Registration (609) 893-8141 ext 1031 or 1026 if you have any questions or concerns regarding registering in Pemberton Twp. Schools.
