

PUBLIC NOTICE

ENVIRONMENTAL JUSTICE PUBLIC MEETING FOR MCGUIRE AREA TITLE V AND DIX AREA TITLE V AIR OPERATING PERMIT RENEWALS

In accordance with New Jersey Administrative Order 2021-25 (AO2021-25), Joint Base McGuire-Dix-Lakehurst (JBMDL) invites public comment on two proposed Title V Air Quality Permit renewals, for McGuire Area and Dix Area. Title V permits allow facilities to operate air emission sources, such as emergency generators, within the parameters defined in the permit. Compliance with AO2021-25 is required for JBMDL, as the base is considered a major source of air pollution and both the McGuire and Dix areas of the base are within overburdened communities, as identified by NJ's Office of Environmental Justice.

A project summary for both the McGuire Title V renewal and the Dix Title V renewal are available for review at the JBMDL Base Library beginning Tuesday, 26 July 2022. The project summary can also be viewed on the JBMDL website at <https://www.jbmdl.jb.mil/About-Us/About-Us/Environmental-Publications/>.

A public meeting will be held virtually via Zoom on Wednesday, 24 August 2022, from 6:00 pm to 8:00 pm, to discuss both permit renewals. To join the meeting, visit zoom.us/join or call +1 929 205 6099 and enter the Meeting ID: 880 2346 4268 and Passcode: 683242.

The public may provide comments on the permit renewals during the 60-day comment period (26 July to 23 September 2022). Comments can be provided verbally during the public meeting, or they can be emailed to theresa.fuller.3@us.af.mil with the subject line "McGuire/Dix Title V Public Comment."
