

JOINT BASE MCGUIRE-DIX-LAKEHURST

Environmental Policy

As an installation, we are committed to continuously improving environmental performance and management practices, ensuring environmental compliance, and minimizing pollution. In all activities, we seek to be active stewards of our environment and to protect its resources. We will

- Be compliant with all Federal, State, and local environmental laws
- Maintain a current environmental management system
- Establish quantifiable goals for environmental performance
- Conduct routine management reviews to continually assess our progress toward environmental goals and update our operating procedures to stay in line with our goals
- Ensure responsible use of energy through adoption of innovative practices and procedures that will conserve energy and improve efficiency
- Responsibly manage the natural and cultural resources held in public trust
- Recycle natural and man-made materials
- Reduce/eliminate pollution without compromising the mission
- Increase our community's awareness of our environmental policies and progress through press releases, public meetings, adopt-a-school programs, Earth Day activities, and the Internet

Compliance with environmental laws and this policy is the responsibility of every member of the Joint Base McGuire-Dix-Lakehurst community in accordance with his or her roles and responsibilities within the organization.

A handwritten signature in black ink, appearing to read 'F.D. Thaden', written over a horizontal line.

FREDERICK D. THADEN, Col, USAF
Commander
